Here is what students attending last year had to say:

“Stillness Movement Qigong, 9200 foot elevation at a Daoist retreat center nestled between two sacred mountains. Wow! Practicing Qigong in Heaven while still on Earth. I will be back.”

“As a licensed acupuncturist, I found the Stillness-Movement workshops absolutely invaluable. The deep insights and refined techniques I have learned through this lineage put me on a rare path of true healing - for my clients, for myself, and it is my hope - for the world we all share. I will be back for the next Stillness-Movement Colorado Intensive.”

“The Neigong was amazing, the Daohouse was excellent, the mountains were gorgeous, and the food was organic, freshly prepared, and every bite delicious. I have a special diet and they totally prepared just for me! I plan to go to the next workshop.”

“The Stillness-Movement Qi Gong Workshop in Estes Park, Colorado was an absolutely transformative experience. An electric and revitalizing inward journey took place in the shadow of the majestic Rocky Mountains and left me feeling grounded, more confident, and ready to show up more fully in every aspect of my life. I'll be back to continue learning more about myself through Qi Gong.”
